

RED ALERT

FOR IMMEDIATE ATTENTION

Members,

The United States Supreme Court recently issued an opinion limiting the use of geofence warrants. The Court held that obtaining user location history data constituted a search for Fourth Amendment purposes and therefore, must be supported by probable cause. This ruling has the potential to severely limit the future use of these warrants. Please see the attached Legal Bulletin from GC David Marsey. If you have any questions, please feel free to email him at dmarsey@fpca.com or call him at (850) 364-4777.

Thank you,
